1. The purpose of this modification is to:
 - a. Clarify that agencies are allowed to specify additional verification and acceptance testing.
 - b. Remove BSS requirement to support Internet Explorer.
 - c. Update version number in a security document reference.
 - d. Clarify data coding for feature changes that do not require CLIN changes.
 - e. Update requirements to allow administrative values to be added or removed via SOAC.
 - f. Update XSD and WSDL attachments to include consistent property requirements for agency_identifier and unique_billing_identifier.
 - g. Permit omission of CSRN in dispute files when not applicable.
 - h. Correct the edit mask in the billing_quantity data element definition.
2. The contract is modified as follows:

Section E

1. Section E.2.2.5, first sentence of first paragraph, is modified to append the phrase "including any additional testing defined in the TO."
2. Section E.2.2.5, second sentence of first paragraph, is modified to append the phrase "including any additional testing defined in the TO."
3. Section E.2.2.5, second bullet, is modified to append the phrase "including any additional testing defined in the TO."
4. Section E.2.2.5, first sentence of the paragraph after the bullet list, is modified to append the phrase "including any additional testing defined in the TO."
5. Section E.2.2.5, last sentence of the paragraph after the bullet list, is modified to append the phrase "including any additional testing defined in the TO."
