

Comcast Business Mobile Launches to Small Businesses Nationwide

New mobile service on the most reliable wireless network with nationwide 5G included and access to more than 20 million Xfinity hotspots

PHILADELPHIA – JULY 20, 2021 – Comcast Business today announced it has launched its new wireless mobile service for small businesses, [Comcast Business Mobile](#), nationally across its footprint. Comcast Business Mobile is designed to help small businesses be ready for today and whatever comes next with flexible data options, nationwide 5G coverage, and savings. Comcast Business Mobile benefits from the success and expertise established by [top-rated](#) mobile service, [Xfinity Mobile](#). Comcast Business Mobile is available exclusively to Comcast Business Internet customers in all of Comcast Business' service areas via www.comcastbusiness.com/mobile.

“Staying connected – whether in the office or on-the-go – is critical for small businesses. Comcast Business Mobile provides small business owners and their employees access to the most reliable network with nationwide 5G included at no extra cost as well as access to more than 20 million secure Xfinity WiFi hotspots,” said Bill Stemper, President, Comcast Business. “We have created a unique mobile experience that brings more value to our Internet customers, saving them money while providing tremendous performance, reliability and flexibility.”

The service offers Comcast Business Internet customers up to 10 lines with no line access fees. Comcast Business Mobile gives customers the freedom to build the best plan for their needs; even mixing and matching Comcast Business Mobile's two straightforward data options across multiple lines. Data options include

- **Unlimited Data***
 - As low as \$24 per line, per month with 10 lines
 - Great for on-the-go employees who may not be within WiFi range and need cellular data.
- **By the Gig***
 - 1GB = \$15/mo; 3GB = \$30/mo; 10G = \$60/mo (shared data)
 - Well-suited for teams in locations where there is more WiFi and less cellular usage – such as in offices and retail stores.

Comcast Business Mobile is compatible with the best phones and tablets; allowing customers to choose from today's most popular devices. Customers may also bring their own devices with no term contract required for mobile service.
