

Comcast Business Named 2022 Market Leader for Managed SD-WAN Services and SDN Transformation Services by ISG

PHILADELPHIA – July 28, 2022 – Comcast Business today announced it has been recognized as a U.S. market leader in Managed Software Defined Wide Area Network (SD-WAN) Services and Software Defined Network (SDN) Transformation Services by Information Services Group (ISG), a leading global technology research and advisory firm, in its [2022 ISG Provider Lens™ Network — Software Defined Solutions and Services report for the U.S.](#)

In its report, ISG conducted a thorough examination of the top WAN/SD-WAN providers and recognized Comcast Business as a Leader, the highest of four quadrant categories, citing the Company's expertise, flexibility and customer-first, solutions-based approach as key strengths.

"Comcast Business continues to innovate our solution offerings for Enterprises in need of secure, Managed SD-WAN solutions," said Bob Victor, SVP Customer Solutions, Comcast Business. "To be recognized by ISG as a 'Leader' is demonstrative of the solution advancements we have made, as well as the increased capabilities gained from our acquisition of Masergy."

"Converting a traditional network to SDN involves much more than installing and running software," said Jan Erik Aase, partner, and global leader, ISG Provider Lens Research. "It is a transformation that can significantly affect an organization."

Comcast Business partners with leading SD-WAN vendors including Versa, Fortinet and Cisco to deliver solutions that meet the Networking needs of a wide range of businesses. Comcast Business delivers SD-WAN solutions in single- and multi-tenant environments that can scale to meet the needs of businesses of all sizes whether that's a mid-market business looking for hands-on support to ensure reliable connectivity between a few sites and cloud applications, or a Fortune 100 Enterprise in need of full global coverage. Comcast Business was also [recognized as the fastest growing SD-WAN Leader in Vertical Systems Group's year-end 2021 U.S. Carrier Managed SD-WAN Services LEADERBOARD.](#)
