Comcast Business Recognized in 2023 Gartner® Magic Quadrant™ for Network Services, Global

PHILADELPHIA – March 7, 2023 – Comcast Business today announced it has been recognized in the 2023 Gartner Magic Quadrant for Network Services, Global. This recognition comes on the heels of Comcast Business's recognition in the [2022 Gartner Magic Quadrant for Managed Network Services](#) and further validates the Company as a leading global provider of network solutions.

The Gartner Magic Quadrant for Network Services, Global evaluates 12 global network service providers' Completeness of Vision in the market and their Ability to Execute their services effectively against Gartner's view of the market. As enterprises seek to balance cost optimization, agility and performance, the Gartner Magic Quadrant can serve as a strategic decision-making tool for global Network Services buyers.

This recognition marks the first time Comcast Business has been included on the Network Services, Global, Magic Quadrant. The [2021 acquisition of Masergy](#) has enabled the company to quickly become a provider of global secure connectivity and intelligent networking services.

"As a leading provider of secure network solutions, Comcast Business and Masergy deliver the customer experience, service agility and innovation needed to help drive transformations that keep enterprises future-ready," said Bob Victor, Senior Vice President, Customer Solutions, Comcast Business. "We believe this most recent Gartner recognition further validates our vision and ability to execute globally and underscores our commitment to partnering with global enterprises for all their secure networking needs."

Learn why Comcast Business was recognized and get the latest insights from Gartner on navigating the global network services market by accessing the report here: [Comcast Business Recognized in 2023 Gartner® Magic Quadrant™ Network Services, Global](#).

The report evaluates key capabilities of 12 global network service providers. Gartner defines the global network services market as the provision of fixed corporate networking services with worldwide coverage. The core global network services required for evaluation in this Magic Quadrant include WAN transport services, 4G/LTE and 5G cellular WAN access, Carrier-based cloud interconnect (CBCI), Managed SD-WAN services, as well as recent customer reviews.

Gartner Magic Quadrant reports are a culmination of rigorous, fact-based research in specific markets, providing a wide-angle view of the relative positions of the providers in markets where growth is high and provider differentiation is distinct. Providers are positioned into four quadrants: Leaders, Challengers, Visionaries and Niche Players.
