Comcast Business Named 2023 Market Leader for Managed SD-WAN Services and SDN Transformation Services by ISG

PHILADELPHIA — June 26, 2023 — Comcast Business today announced it has been recognized as a market leader in Managed Software Defined Wide Area Network (SD-WAN) Services and Software Defined Network (SDN) Transformation Services by Information Services Group (ISG), a leading global technology research and advisory firm, in its [2023 ISG Provider Lens™ Network – Software Defined Solutions and Services report](#).

The 2023 ISG Provider Lens™ Network — Software Defined Solutions and Services report for the U.S. evaluates the capabilities of 45 providers across five quadrants: Managed SD-WAN, SDN Transformation Services (Consulting & Implementation), Enterprise Networks Technology and Service Suppliers, Edge Technologies and Services and SASE Solutions and Services.

For the second year in a row, ISG has recognized Comcast Business as a Leader, the highest of four quadrant categories, in Managed SD-WAN Services and SDN Transformation Services. This is the first year the ISG Provider Lens has formally recognized Comcast Business's growing SASE solutions and edge technology services, as well as the first year Comcast Business has been ranked in global solutions categories for the UK and Germany markets.

"Comcast Business' global, software-defined solutions are central to our secure network solutions strategy. We continue to innovate and scale our portfolio for businesses of all sizes in need of secure, managed SD-WAN solutions," said Bob Victor, SVP Customer Solutions, Comcast Business. "This Leader recognition by ISG further validates Comcast Business' position as a global partner for businesses that value secure networking, future-ready technologies, and strategic partnerships."

"Comcast Business provides effective advisory-led engagements supported by advanced tools and processes, to deliver highly automated and AI-driven best-of-breed solutions in SD-networking, tailored for specific client needs," said Kenn Walters, Distinguished Lead Analyst, ISG.

Comcast Business partners with leading SD-WAN vendors including Versa, Fortinet, HPE Aruba, and Cisco to deliver solutions that meet the Networking needs of a wide range of businesses. Comcast Business delivers SD-WAN solutions in single- and multi-tenant environments that can scale to meet the needs of businesses of all sizes whether that's a mid-market business looking for hands-on support to ensure reliable connectivity between a few sites and cloud applications, or a Fortune 100 Enterprise in need of full global coverage.
