

Comcast Business Packs More Premium Features into New Unlimited Mobile Plan at the Same Great Price

New Unlimited Premium Flex Plan Delivers Phone Upgrades Twice a Year, More Hotspot Data, Advanced Spam Call Blocking, and 4K Video

Comcast Business is Celebrating Small Business Month with a \$1000 Small Business Bonus Offer for Switching to Qualifying Gig Packages on the Largest, Fastest, Reliable Network

PHILADELPHIA – MAY 8, 2025 –Comcast Business today announced its new Unlimited Premium Flex mobile plan that delivers more of the upgraded features small businesses need, including more mobile hotspot data, advanced spam call blocking, 4K streaming, and access to twice a year phone upgrades – all at the same great price as the previous Unlimited Premium [plan](#). To celebrate small business month, the company also unveiled its \$1,000 “Small Business Bonus” offer for customers who switch to qualifying Gig packages with Comcast Business Internet service.

“Mobile connectivity is critical infrastructure for small business owners, who rely on it not just to reach their customers and access essential information wherever they are, but to power their businesses,” said Colleen McKelvey, Executive Director of Mobile Product, Comcast Business. “More businesses already count on Comcast Business than any other provider to keep them reliably connected, and mobile is a natural extension.”

Small business customers who add the new [Unlimited Premium Flex](#) plan to their Comcast Business Internet service get:

- **Unlimited High-SpeedData¹:** On the most reliable 5G network nationwide and the largest WiFi network with more than 23 million hotspots.
- **More 5G Mobile Hotspot Data:** 40 GB of 5G mobile hotspot data, ideal to keep devices like laptops and tablets connected on the go.
- **Spam Call Blocking:** Businesses can have confidence answering their calls with advanced filters from [Xfinity Call Guard](#) blocking spam calls.
- **4K Streaming:** Stream in the best video quality, 4K UHD, on the go.
- **Elite Upgrades:** A new perk that offers phone upgrades twice a year with a guaranteed new device discount of up to \$830 with an eligible trade-in.

Comcast Business Mobile customers with the latest smartphones also have access to WiFi PowerBoost, delivering speeds up to a Gigabit per second – 150% faster since its launch last year, according to Ookla’s [Speedtest Intelligence[®] research](#). The powerful combination of America’s fastest broadband network, the largest WiFi network with more than 23 million hotspots, and the nation’s most reliable 5G nationwide network provides customers with the fastest mobile speeds in Comcast markets².

In celebration of small business month, for a limited time, Comcast Business is helping to move small businesses forward with a \$1,000 [Small Business Bonus](#) when they switch to a qualifying gig speed business Internet package on the largest, fastest, reliable network for small business. From inventory, technology, marketing and advertising, employee development and rewards and more, small business owners have an endless list of items that need attention – and budget. Comcast Business provides ultra-reliable connectivity solutions from the company with 99.99% network reliability and advanced cybersecurity, and now small businesses can get a \$1,000 prepaid card when they switch to a qualifying package.

Whether it’s speed, reliability, great deals on the best devices or saving hundreds of dollars a year over the big three, Comcast Business Mobile delivers an unmatched wireless experience at a better price.
