

Bella's Bites Serves Up Family-Inspired Flavor Powered by Comcast Business

Comcast Business Celebrates Small Business Month with \$20 Gift Cards on May 28 at Bella's Bites in Hagerstown, MD

Hagerstown, MD – May, 26, 2026 – To celebrate Small Business Month, [Comcast Business](#), the largest connectivity provider to small businesses in the U.S., is inviting residents and visitors to Bella's Bites in Hagerstown, MD on May 28, starting at 11AM ET: the first 100 dining parties of two or more will receive a \$20 gift card for Bella's Bites, while supplies last – good toward anything from Bella's famous sliders to a tasty Po Boy.

The promotion is part of Comcast Business' ongoing support of the fast-growing, family-owned restaurant. Comcast Business provides Bella's Bites with reliable Internet connectivity that fuels its daily operations and helps deliver a smooth experience to customers in-store and online.

"Comcast Business is the technology foundation that powers our operations at Bella's Bites," said Scott Haupt, owner of Bella's Bites. "When orders surge, we can't afford slow Internet. Comcast Business gives us the fast, reliable connectivity we depend on during our busiest moments, and that reliability means we can take care of customers without missing a beat."

Founded by Scott Haupt, Bella's Bites – named after Scott's first daughter – began as a food truck in 2017 before expanding to its brick-and-mortar location in April 2025. With homemade food at the heart of the business, Bella's Bites relies on connectivity to meet increasing customer demand while allowing Scott to stay focused on his passion: great food and great service.

The shift from a mobile food truck to a permanent restaurant marked a major jump in operational complexity for Bella's Bites. The brick-and-mortar location depends on a robust network that can power multiple ordering platforms, real-time digital payments, and a steady flow of online orders – which now make up nearly half of the company's revenue. Comcast Business delivers the high-speed Internet required to support the business's growth and the technology-driven customer experience the restaurant is building.

"We're proud to help Bella's Bites deliver a seamless experience so their team can stay focused on creativity in the kitchen and hospitality at the counter," said Holli Lloyd, Comcast Business Senior Director of Marketing for Comcast's Beltway Region. "More small businesses are powered by Comcast Business than any other U.S. provider, and events like this are a way for us to give something back to the communities where we work."

Comcast recently [announced](#) a major network expansion to connect more than 50,000 homes and businesses in the Hagerstown, MD area to reliable, high-speed Internet. Throughout Hagerstown and in communities across Maryland, Comcast provides Internet, mobile, and entertainment from [Xfinity](#) to residents, and connectivity, networking, cybersecurity, mobile, and managed solutions to businesses of all sizes from [Comcast Business](#).
