

Comcast Business Mobile to Offer New Samsung Galaxy S22, S22+ and S22 Ultra

Customers Can Save up to \$750 When They Trade In an Existing Device to Upgrade to a New Samsung Device

PHILADELPHIA – February 9, 2022 – Comcast Business today announced that Comcast Business Mobile will carry the new, highly anticipated Samsung Galaxy S22, Galaxy S22+ and Galaxy S22 Ultra unveiled today at Samsung's Unpacked event.

Comcast Business Mobile customers can pre-order the Samsung Galaxy S22, Galaxy S22+ and Galaxy S22 Ultra starting today at www.comcastbusiness.com/mobile in advance of nationwide availability on February 25th. In addition, new and existing customers can save up to \$750 when they trade in an existing device to upgrade to a new Samsung device:

- Customers who trade in a device, port a new number and sign up for a 24-month device payment plan will receive \$400 off a new Samsung device.
- Customers who trade in a device in working order that is accepted by our partner will receive a \$200 Visa pre-paid card. In addition, customers who trade in a device can receive a trade in credit from Assurant that on average totals \$150, adding further value to making the transition to Xfinity Mobile.

Galaxy S22 and Galaxy S22+

Galaxy S22 and Galaxy S22+ are designed to deliver next-level camera experiences, so people can connect and share wherever they are. With the Galaxy S22 Series' revolutionary new Nightography features – like the 23% larger Adaptive Pixel sensor and enhanced AI technology – your camera is designed to let in more light, draw out details, and capture colors that make your content pop, even in the dark. Both Galaxy S22 and S22+ are built with a powerful 50MP main camera, 10MP tele-lens, and 12MP ultra-wide lens, so you always get the highest-quality shots. The Galaxy S22 offers a premium 6.1-inch display and the Galaxy S22+ offers a 6.6-inch display, each screen is built with intelligent Vision Booster technology that automatically adjusts the display to the lighting around you and enhances the color contrast, so you can enjoy the best possible view of your content. Both devices come equipped with a Dynamic AMOLED 2X adaptive 120Hz display, designed for the best in gaming and watching.

Galaxy S22 Ultra

The Galaxy S22 Ultra merges the best of two Samsung smartphone legacies – the unrivalled power of the Note Series and the pro-grade camera and performance of the S Series – to set a new standard for premium smartphones. Featuring the fan-favorite built-in S Pen, advanced Nightography and video capabilities, and battery life that lasts more than a day, Galaxy S22 Ultra is the most powerful Ultra device Samsung has ever created. Galaxy S22 Ultra is part of the first Galaxy S Series to be equipped with the latest 4nm processor, which powers Samsung's most advanced AI and ML processing. It also features Wi-Fi 6E, up to twice as fast as Wi-Fi 6. Galaxy S22 Ultra's immersive 6.8-inch, Dynamic AMOLED 2X adaptive 120Hz display brings everything to life in stunning detail and brighter than ever with a peak brightness 1,750nit.

Comcast Business mobile is designed for small businesses with flexible data options, nationwide 5G coverage, and Unlimited Data for \$30 per line, per month when you get 4 lines. Comcast Business Mobile is available only to Comcast Business Internet customers.
