

## Comcast Business Secure Network Solutions Recognized for Innovation Leadership with 2022 INTERNET TELEPHONY Product of the Year Award

**PHILADELPHIA – April 7, 2022** – Comcast Business today announced [TMC](#), a global, integrated media company, has named Comcast Business’s [Secure Network Solutions](#) as recipient of a 2022 INTERNET TELEPHONY Product of the Year Award. The awards recognize and honor companies that have developed exceptional VoIP and IP Communications products and services.

“As businesses continue innovating, modernizing and transforming their networks, they are looking for ways to defend against relentless cyberthreats while providing customers, partners and employees convenient, technologically advanced experiences,” said Bob Victor, Senior Vice President, Customer Solutions, Comcast Business. “Comcast Business created Secure Network Solutions to give our customers an easier, more efficient way to manage their networks across multiple locations and platforms – allowing them to jump-start innovation and gain business agility. We are honored to once again be recognized by TMC for our work in developing solutions for customers to be ready for the day and prepared for the future.”

Comcast Business’s Secure Network Solutions provide integrated enterprise-grade network security solutions within a single platform, offering clients:

- **Advanced security:** Protecting connected devices and data against ransomware, malware, botnets, network intrusion, and volumetric attacks.
- **Nationwide connectivity:** Reliable connectivity powered by the nation’s largest converged IP network with available speeds from 50 Mbps up to 100 Gbps.
- **Virtualized networking:** Control and optimize the network, application, and performance from company headquarters, branches, or anywhere else with real-time networking insights across locations, available through a unified digital experience on desktop and mobile devices.
- **Simplified network management:** Improve operational efficiencies and manage costs, and the power to control the network with ease with ActiveCore, an easy-to-manage digital platform only available from Comcast Business. ActiveCore can reduce complexity, optimize businesses’ underlying network infrastructure, speed up application deployment, and simplify resource management – allowing organizations to innovate quickly and gain business agility.

“I am honored to recognize Comcast Business with a 2022 Product of the Year Award for its commitment to excellence and innovation,” said [Rich Tehrani](#), CEO, TMC. “In the opinion of our judges and editorial team, Secure Network Solutions has proven to be among the best communications and technology solutions available on the market. I look forward to continued leadership from Comcast Business.

The winners of the 2022 INTERNET TELEPHONY Product of the Year will be featured in *INTERNET TELEPHONY* magazine online and on TMCnet.
