

Comcast Business Recognized by Frost & Sullivan as a Leader in 2022 North American Managed SD-WAN Services Report

Frost Radar™: Managed SD-WAN Services in North America, 2022 report offers market trends and buying insights on top Managed SD-WAN providers

PHILADELPHIA – February 27, 2023 – [Comcast Business](#) today announced that it has been recognized as a Leader by research and consulting firm Frost & Sullivan in its [2022 Frost Radar™: Managed SD-WAN Services in North America report](#). The Frost Radar™ summarizes key trends in a specific technology market and serves as a buyer's guide to inform decision makers on key players and their position in the market. The full report is [available for download here](#).

“Comcast Business continues to establish itself as a leader in managed SD-WAN and, with its white glove service and customer focus, is translating well in the larger enterprise market,” said Stephen Thomas, Sr. Industry Director, Network Services, Frost & Sullivan. “Its acquisition and integration of Masergy has also proven helpful overall given Masergy’s solid reputation, industry leading SLAs and leadership in customer self-portal technologies.”

The Frost Radar™ recognizes Comcast Business as a Leader™ among the top twelve North American Managed SD-WAN providers. The report highlights several key differentiators for Comcast Business including its position as the second-largest provider of SD-WAN connections in North America, its reputation for success among enterprise customers with 250 or more sites, as well as its strategic acquisition of global SD-WAN leader, Masergy and the resultant portfolio enhancements and expanded partner ecosystem for SD-WAN and Cloud solutions it has enabled.

“We’re proud that Frost & Sullivan recognizes our commitment to and growth in the Managed SD-WAN solutions market. This further validates our position as a leader in global secure network solutions,” said Bob Victor, Senior Vice President, Customer Solutions, Comcast Business. “Comcast Business is the fastest growing managed SD-WAN provider in the US, offering a fresh alternative to legacy telco solutions. The Frost Radar™ further supports this position and validates why enterprises can confidently partner with Comcast Business for managed secure SD-WAN services.”
